MAYOR'S REPORT:

The Mayor reported on an updated schedule for the Morewood Parkway, Collver and Oak Sewer Improvement Project. This information was sent to Council earlier. The Public Works Funding has been released by the state so the city is ready to move ahead with this project. Morewood Parkway will be Phase I with the design and engineering already underway, to be finalized by the beginning of 2021. Bidding will be done in the spring followed by construction commencing in June 2021. This project will be completed in about a year and a half. The scope of this project is extensive including the sewers, waterline (with full funding from Cleveland Water) and pavement. Phase II will be Collver and Oak with design commencing currently. The contract will be awarded in the beginning of 2022 and construction season will be April 2022 through July 2023. As the schedule is tightened or modified, council as well as the residents will be informed.

The Mayor stated that the Riverdale widening project is moving along with considerable work underway on the upper slope. In about three weeks, work on the eastern slope (downhill) will begin with the widening following that. QCI has been very helpful with residents, ingress, egress, and any concerns.

Director Snyder is currently working with an independent consultant reviewing the city's insurance bid package. Mr. Snyder is meeting on Thursday with the firm that is doing the

review. Mr. Snyder will update Council following that meeting.

The Mayor has received 7-8 letters from parents regarding youth hockey. At this point, the city is in a holding pattern and is not putting the ice down at this time. The administration is waiting to hear from some of the hockey organizations throughout the state as well as out of state venues for guidance and best practices for handling hockey. There are considerable safety and financial considerations regarding opening the rink. The city is working with the Rocky River High School Hockey Program and their coach, Chris Cogan. If there is a possibility in opening the rink, the city would like to do that, but there are many layers of consideration. The Recreation Commission will be part of the decision making process. This will be decided within the next several weeks.

The SafeWise Organization ranked the City of Rocky River #13 of the top 100 safest cities across the United States. They do a considerable amount of data analysis and their methodology is on their website and how the cities are selected. Safety and schools are important when selecting a hometown to live.

The successful Storybook Walk at Martin Park is being moved to Linden Park with a new reading selection. The partnership between the city and the Rocky River Public Library continues.

The Sunrise Rotary Book Drop has been placed at the Civic Center and residents attending the Pop Tart concert last evening were encouraged to bring a book or two, gently used or new and deposit them in the new book drop. The city is pleased to work with the Sunrise Rotary on this project and the Rocky River Library and Cleveland Books are very excited about this project.

This Friday the Senior Center will host a drive-in concert beginning at 11:30 a.m. with the opportunity to buy a lunch. There will be social distancing and everyone wearing masks while listening to their favorite band the “New Barleycorn”.

On August 9th, the band 42 South will be playing at City Hall Gazebo beginning at 7:00 p.m. 42 South is a country band with a large following. The Mayor appreciates the residents social distancing and mask wearing during the concerts. Thank you to residents as well as the sponsors for the concert series as city dollars are not used for these concerts.

The Mayor welcomed “Go Buddha” at the CVS Plaza on Detroit Road. The Mayor welcomes the new business, a new family and new employees to the city. The Mayor wishes them every success. Thank you to the Rocky River Chamber of Commerce for being so welcoming to new businesses as well as Director Thomas for attending the opening.

Friday is “System Administrator’s Day” so a big thank you to I.T. Director Chris Grau. Thank you for all your good work in technology.

- Councilman Furry asked if the Morewood, Collver and Oak Sewer Improvement Project will wrap up sewer projects in Tangle Town. The Mayor stated that there are a number of inverted sewers in Tangle Town along with inflow. There is still work to be done in

Tangle Town. The Mayor asked Director Snyder to forward an updated color-coded sewer map to Council.

Mr. O'Donnell is holding this over the August break. It is a complicated and lengthy ordinance and it is to authorize the issuance of notes up to \$10,000,000 for the construction of the new police station. Please let Mr. O'Donnell know if there are any questions. ORDINANCE NO. 63-20 **BY: JOHN B. SHEPHERD**
AN EMERGENCY ORDINANCE AUTHORIZING THE MAYOR AND SAFETY
SERVICE DIRECTOR TO ENTER INTO A CONTRACT WITH THE SHELLY
COMPANY, FOR THE 2020 STREET REPAIR PROGRAM IN AN AMOUNT NOT TO
EXCEED \$691,320.25
2nd READING

Mr. Shepherd stated that this went out to bid with six responsive bids. The Shelly bid came in \$208,000 under the engineer's estimate and \$36,000 below the next closest bid. Shelly Construction has recently completed the Wooster and Detroit Road repaving and their references have all been favorable. As was discussed at last week's meeting, Mr. Shepherd moved for a rules suspension of the three read rule, so this project can commence and finish by the fall. Mr. Shepherd forwarded an email to council breaking down the repairs per street so if there were questions, now would be a good time to ask. Mr. Shepherd moved for a rules suspension, seconded by Mr. Furry.
